Questions submitted via technical assistance session on May 1

Q: How should contractors be described in the application narrative?

A: Contractors must be selected through a competitive procurement process after the start of the grant period. For the application, you should acknowledge that you understand the procurement guidelines, but also mention potential contractors that may meet your needs.

Q: Can you explain the availability of barrier buster funds?

A: Barrier buster funds may be included in the application budget and explained in the budget narrative. If selected, there will be guidance on allowable costs from United Way of Central Indiana and the Corporation for National and Community Service which may include limitations on the extent of use of barrier buster funds.
